|---|-----------------|
| Appearance                                | Green liquid    |
| Odor                                      | Spearmint       |
| Density (lbs/gal)(±0.1 @20°C)             | .9.59           |
| pH (conc.)(±0.5 @20°C)                    | .0.5            |
| Refractive index (± .0020 @20°C)          | .1.3694         |
| Acid %                                    | .30.0           |
| Flashpoint                                | .None           |
| USDA rating                               | .C-2            |
| Foam generation                           | .Moderate       |
| Stability (40°-120°F)                     | .Stable         |
| Freeze/thaw stability                     | .OK, 3 cycles   |
| Shelf life (closed containers, 40°-120°F) | .1 year minimum |

### Equipment List

✓ Bowl mop, caddy

Use only though PDQ dispenser for proper dilution rate. 1/2 gallon microconcentrate makes 26 RTU quarts.

#### TOILET BOWLS:

Remove water from bowl by forcing over trap with applicator. Remove excess water from applicator by pressing it against side of bowl. Pour 1 ounce on applicator. Clean entire unit, especially under the rim at water outlets. Allow to remain 10 minutes. Flush and rinse out applicator.

#### URINALS:

Pour 1 ounce onto mop and apply or squirt directly onto surface. Allow to remain 10 minutes. Flush and rinse out applicator. A preliminary cleaning is necessary for the removal of gross filth prior to disinfection.

#### TO CLEAN WASH BASINS, BATHTUBS, SHOWER STALLS, DRINKING FOUNTAINS, TILE, PORCELAIN ENAMEL, AND STAINLESS STEEL:

Do not allow solution to remain on fixtures without immediately thoroughly rinsing with water.

Available in size:  
1/2 gallon containers.

Wear safety equipment recommended on MSDS, place wet floor signs and read all directions and cautions prior to beginning work.
