BIO-ODOR CONTROL Odor & Organic Waste Digester

- Live Action Bacterial Formula
- Eucalyptus Odor Counteractant
- Digests Organic Odors at the Source
- As an odor control treatment for foodservice waste in dumpsters, trash rooms, garbage cans, and trash bins.
- Use in restrooms or around exterior of building on grout, concrete walls, sidewalks, pavements, etc. to counteract urine odors and other malodors that hide in cracks and crevices.
- Effective as a carpet spotter for organic spills

DIRECTIONS:

Foodservice Waste Containers

- Shake well before using. Using a sprayer, saturate problem areas. Apply as needed to control odors.

Washrooms & Building Exteriors

- Shake well before using. Spray directly on urine deposits and wipe off any excess product not absorbed into the surface with a sponge, cloth, or mop. Apply as needed.

Carpet Spotting

- Shake well before using. Spray liberally on spot. Let sit for 60 minutes. Extract or clear water rinse spot. Tamp area to absorb excess moisture.

SIZES:

18.9 L (5.0 U.S. gallon)

946 mL (1 U.S. quart)

PACKAGING

Wherever possible, bottles and pails made from recycled plastic (10 - 25%). Can be recycled where facilities exist. Boxes made from recycled cardboard (94 - 100%).

NATURAL RENEWABLE RESOURCES

Wherever possible, we use only naturally-based, renewable ingredients, such as grains, corn oil, palm kernel oil, coconut oil, sugar cane juice & glucose.

BIODEGRADABILITY

(Decomposition of organic substances into carbon dioxide, water and other harmless substances.) Rapid biodegradation reduces impact on the environment and food chain. All organic cleaning ingredients in these formulas are readily biodegradable per OECD Test 301D.

TOXICITY

Acute Oral/Dermal Product considered essentially non-toxic according to WHMIS regulations.

HEALTH & SAFETY

No ingredient found on major regulatory lists. Non-flammable and non-corrosive at use dilution.

AQUATIC TOXICITY

Product exceeds recognized acute toxicity standards for fish, invertebrate and algae at use dilution.
