

CUSTOM SOLUTIONS

Water Rinsable

Environmentally Safe

CITSOLV

CITRUS BASED SOLVENT CLEANER

Professional Recommendations

— Exercise caution if spraying to minimize overspray

Specifications

Appearance Clear liquid
 Odor Citrus
 Density (lbs/gal) (±0.1 @20°C) 7.1
 Refractive index (±0.0020 @20°C) 1.4713
 Solvent % 96
 Flashpoint (TCC) Greater than 300°F
 Stability (40°-120°F) Stable
 Freeze/thaw stability OK 3 cycles
 Shelf life (Closed containers, 40°-120°F) . . . 1 year minimum

Equipment List

✓ Solvent-compatible sprayer

Available in sizes:
Pint, 1 and 55 gallon containers.

Wear safety equipment recommended on MSDS, and read all directions and cautions prior to beginning work.

Wear all safety equipment recommended on MSDS sheet. Read all directions and cautions prior to beginning work.

This product is designed for "dry" or water rinse cleaning of all metals, glass, etc. If used on enameled or painted surfaces test first to determine that no surface change other than cleaning occurs. It is made from a unique natural extract solvent from citrus processing. It replaces harmful, environmentally dangerous, conventional petroleum hydrocarbon solvents such as mineral spirits, kerosene, aromatics, chlorinates, etc. It is rinsable with water leaving a very fresh fragrance.

Application

Floors
 Machinery
 Road Tar Removal
 Automotive (under hood or carriage)
 Drains
 Refuse & Waste Containers

Dilution, if any

Concentrate to 3 parts water
 Concentrate to 3 parts water
 Concentrate to 3 parts water
 Concentrate to 3 parts water
 Concentrate to 3 parts water
 Concentrate to 12 parts water

Dwell Time

5 minutes
 5 minutes
 10 minutes
 60 minutes

Apply this product by wiping, pouring or spraying directly onto the surface. Let product penetrate and emulsify depending on the specific cleaning application. Wipe, water rinse or high pressure off with hot or cold water. When cleaning vertical surfaces, make sure to apply from the bottom to the top of the work and rinse from the top down.
