Professional Recommendations

- Use this product regularly for best results
- Rinse out autoscrubber lines after each use of this product to protect hoses
- Use "grit" type brushes on your autoscrubber to enhance cleaning on unfinished concrete and other industrial floors
- Overlap your cleaning passes to assure uniform cleaning and "double scrub" when heavy soil is present
- When mop cleaning, change cleaning solution frequently to get peak cleaning performance
- **Do not** let mop rest in cleaning solution between uses
