

# SYNERGY

## HEAVY DUTY DEGREASER

Instantly  
Emulsifies Oily  
Soils

Patented Formula  
Produces Fast,  
Economical  
Cleaning

Solvent Free  
Formula is Safer  
for Workers and  
the Environment

Contains Corrosion  
Inhibitors—Safe  
on Most Industrial  
Surfaces and  
Equipment

Virtually Odorless  
in Use

### Equipment List

- ✓ Wet floor signs
- ✓ Autoscrubber with grit type brushes
- ✓ Wet vacuum
- ✓ Looped-end cotton mop
- ✓ Mop bucket with wringer
- ✓ Push broom

Available in sizes:  
2.5 and 55 gallon containers.

Wear safety equipment recommended on  
MSDS, place wet floor signs and read all  
directions and cautions prior to beginning work.

### Professional Recommendations

- This is an excellent "catch-up" cleaner that will perform best when used regularly
- **USE** "grit" type brushes on your autoscrubber to enhance cleaning on unfinished concrete and other industrial floors
- Overlap your cleaning passes to assure uniform cleaning and "double scrub" when heavy soil is present
- When mop cleaning, change cleaning solution frequently to get peak performance. Do not let mop rest in cleaning solution between uses
- **NOT** recommended for removal of baked-on or dried, hardened soils—use a cleaner that is solvent fortified

### Surface Safety

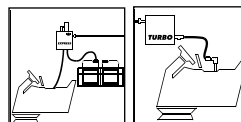

- Safe on most industrial surfaces
- **NOT** recommended for use on brass, copper or aluminum

### Specifications

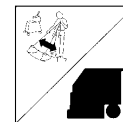

Appearance	Clear, red liquid
Odor	No distinct odor
Density (lbs/gal)(±0.1 @20°C)	9.55
pH (Conc. ±0.5 @20°C)	14.0
Refractive index (±0.0020 @20°C)	1.4373
Foam generation	Moderate
Stability (40°-120°F)	Stable
Freeze/thaw stability	OK 3 cycles
Shelf life (Closed containers, 40°-120°F)	1 year minimum
D.O.T. classification	Corrosive
Biodegradable (per 16CFR260)	Yes

Wear safety equipment recommended on MSDS. Read all directions and cautions prior to beginning work. Remove loose soil and garbage. Before cleaning floors, place Wet Floor signs near work area.

Dispense Heavy Duty Degreaser into cleaning equipment.

Apply to surface liberally while scrubbing. Allow to work. If soil is heavy, double scrub with an auto scrubber (First pass, squeegee up; second pass, squeegee down, vac on). Pick up as much solution as possible. If possible, allow floor to dry before traffic resumes on cleaned area.
