# SPLASH WAX

## AUTOMATIC CAR WASH CONCENTRATE

### Professional Recommendations

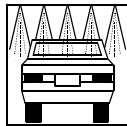

— Formulated for traditional tunnel type or coin operated car washes; do not use in pressure type car washes

### Specifications

|   |                      |
|---|----------------------|
| Appearance                                | Clear, yellow liquid |
| Odor                                      | Characteristic       |
| Density (lbs/gal) ( $\pm 0.1$ @20°C)      | 8.46                 |
| pH (Conc.) ( $\pm 0.5$ @20°C)             | 10.5                 |
| Refractive index ( $\pm 0.0020$ @20°C)    | 1.3515               |
| % Volatile organic compounds (VOC)        | 5.00                 |
| Stability (40°-120°F)                     | Stable               |
| Freeze/thaw stability                     | OK 3 cycles          |
| Shelf life (Closed containers, 40°-120°F) | .1 year minimum      |

### Equipment List

- ✓ Dilution equipment
- ✓ Clean wiper
- ✓ Chamois

Dilute **Splash Wax** with water 500:1 (about 1/4 oz. per gallon) for automatic tunnel or coin operated car washes.

For hand car washing, dilute 250:1 (about 1/2 oz. per gallon).

Available in sizes:  
1, 2.5 and 55 gallon containers.

Read all directions and cautions prior to beginning work.
