Available in size:
1 and 55 gallon containers.

Wear safety equipment recommended on MSDS, place wet floor signs and read all directions and cautions prior to beginning work.

MICRO Q128

HEALTHCARE DISINFECTANT/CLEANER

Professional Recommendations

- Change mopping solution frequently to ensure germicidal activity
- For best results, use this product every day. Not intended for "catch-up" cleaning
- Start each shift/day with fresh disinfectant solution
- For best results and prevent overuse, dilute according to directions; Too weak a solution will not meet germicidal requirements

Specifications

Appearance	Clear, green liquid
Odor	Floral
Density (lbs/gal) (±0.1 @20°C)	8.3
pH (Conc.) (@20°C)	6.00-8.00
Refractive index (±0.0020 @20°C)	1.3589
% Active quat	7.68
Hard water tolerance (hardness as ppm CaCO ₃)	Greater than 5000 ppm
Stability (40°-120°F)	Stable
Freeze/thaw stability	OK 3 cycles
Shelf life (Closed containers, 40°-120°F)	1 year minimum

Remove gross soils (labels, gum). Dust mop floor daily.

Dilute this product (1 oz. per gal.) with tap water. Scrub with mop or autoscrubber to remove spots and spills. Allow to dry.

Allow to work 10 minutes to assure complete disinfection. No need to rinse.
